

VATTIKUTI
FOUNDATION

Vattikuti Foundation

Presents

Robotic Surgeons Council of India
10th Meeting

Scientific Program

5-6th May 2018
JW Marriott, Mussoorie

Dr. Mahendra Bhandari
CEO, Vattikuti Foundation

ROBOTIC SURGEONS COUNCIL 2018 –SCIENTIFIC PROGRAM

(DAY 1) 5th May 2018

8:00 - 8:50 am - Breakfast, Registration

Session 1. 9:00 - 9:30 am

Welcome - Mahendra Bhandari

Director of Robotic Surgery Education and Research, Vattikuti Urology Institute Henry Ford Hospital, Detroit; CEO Vattikuti Foundation

Keynote Speaker - Ravi Kant

Director and the Chief Executive Officer, All India Institute of Medical Sciences, Rishikesh, Uttara Khand

Session 2. 9:30 - 11:00 am

Late Shri K.S. (Krishnaswamy Subramaniam) Memorial Video Award Session

Judge(s): Ravi Kant (Rishikesh), Percy Chibber (Mumbai), Palanivelu C. (Coimbatore)

- 1. Comparison Of Standard Intuitive Port Placement Technique With Indian Modification (Manipal) Technique For Da Vinci ' X ', For Robotic Low Anterior Resection & Robotic Hysterectomy With Para Aortic Lymph Adenectomy - Abhinav Deshpande, Vattikuti Fellow, Manipal Hospital, Bangalore**
- 2. Utility of the Robotic platform in the management of bilateral pelviureteric junction obstruction with large calyceal calculi in a single sitting: Tips and tricks. - Ashwin Mallya, Vattikuti Fellow, Fortis Escorts Kidney & Urology Institute, New Delhi**
- 3. Two organ surgeries performed in the same sitting by Robotic SDH system - Nitesh R. Maurya, Asian Cancer Institute, Mumbai**
- 4. Robotic Radical Prostatectomy in Kidney Transplant Recipient: Challenges and Technical caveats - Varun Mittal, Medanta, the Medicity, Gurgaon**
- 5. Robotic Dissection of the Uncinate Process - Jayant Mulchandani, Vattikuti Fellow, Narayana Health City, Bengaluru**
- 6. Robotic partial nephrectomy in a kidney with multiple renal arteries - Saurabh Patil, Vattikuti Fellow, Max Smart Super Specialty Hospital, Saket, New Delhi**
- 7. Robot-assisted bilateral ureteric stone removal with tailored ureteral reimplantation for congenital megaureter - Pradeep Prakash, All India Institute of Medical Sciences, New Delhi**
- 8. Laparoscopic (Robot-Assisted) VEIL Video Demonstration & Single centre experience - Ramani Srivathsan, Kokilaben Dhirubhai Ambani Hospital, Mumbai.**

Break: 11:00 – 11:15 am

Session 3. 11:15 - 12:15 pm

How to Train Competent Robotic Surgeons?

Moderator - *Mahendra Bhandari (Detroit)*

1. **Giving trainee the best hands on learning ensuring patient safety?** - *Rajesh Ahlawat, Fortis Escorts Kidney & Urology Institute, New Delhi*
2. **Training in Robotic Surgery** - *NP Gupta, Medanta the Medicity, New Delhi*
3. **How to build a strong academic foundation in training?** - *S.P. Somashekhar, Manipal Hospital, Bengaluru*
4. **Importance of VCQI database for fellowship program?** - *Mahendra Bhandari, Vattikuti Foundation, Detroit*
5. **Intuitive Surgical Training Process** -
6. **My journey as a Vattikuti Fellow** - *Ashwin Tamhankar, Max Super Speciality Hospital, Saket*

Panel - *Surender Dabas (New Delhi), Rajesh Ahlawat (New Delhi), NP Gupta (New Delhi), Mahendra Bhandari (Detroit), Ashwin Tamhankar (Saket)*

Session 4. 12:15 - 1:15 pm

Intraoperative Event / Complications

1. **Needle in a haystack: Prevention and management of needle loss during robotic surgeries** - *Rajesh Ahlawat, Fortis Escorts Kidney & Urology Institute, New Delhi*
2. **Failure to complete Robotic Hysterectomy – Lessons learnt.** *Rooma Sinha, Apollo Hospitals, Hyderabad*
3. *Somashekhar SP, Manipal Cancer Center, Manipal Hospital, Bangalore*
4. *Surender Dabas, Fortis Memorial Research Institute, Gurugram*

Group Photo and Lunch 1:15 - 2:00 pm

Hall A

Urology

Session 5. 2:00 - 2:30 pm

Urology Journal Club

Presenter - *Ramani Srivathsan, Vattikuti Fellow, Kokilaben Dhirubhai Ambani Hospital, Mumbai*

Discussant - *Percy Chibber, Senior Consultant Urologist Jaslok Hospital, Mumbai*

Session 6. 2:30 - 3:45 pm

Urology

Chairperson(s): *T B Yuvraja KDAH (Mumbai), Ajay Sharma, SGRH (New Delhi)*

1. **Extended Template Based Lymphadenectomy for Upper Tract Urothelial Carcinoma** - *Gagan Gautam, Max institute of Cancer Care, New Delhi*
2. **Robot assisted partial nephrectomy in complex renal masses: Our experience** – *Anant Kumar, Max Super Speciality Hospital, Saket, New Delhi*
3. **Robotic assisted partial nephrectomy in large tumors** - *Patel Kamlesh, Zydus Hospital, Ahmedabad*
4. **Robotic Excision of Late Local Recurrence Post Open Radical Nephrectomy (video)** - *Ramani Srivathsan, Vattikuti Fellow, Kokilabhen Dhirubhai Ambani Hospital, Mumbai*
5. **What is the evidence? Partial Nephrectomy in complex tumors, large tumors, hilar tumors** - *Ravimohan Mavuduru, PGIMER, Chandigarh*

Break 3:45 – 4:00 pm

Gynecology

Session 7. 4:00 – 4:30 pm

Gynecology Journal club

Presenter - *Abhinav Deshpande, Vattikuti Fellow, Manipal Hospital, Bengaluru*

Discussant - *Garima Chaudhry, Vattikuti Fellow, Apollo Hospital, Hyderabad*

Moderator - *Sapna Raina, Narayana Health System, Bangalore*

Session 8. 4:30 - 5:15 pm

Gynecology

Chairperson(s): *Rama Joshi (New Delhi), Yogesh Kulkarni (Mumbai)*

1. **Robot assisted completion surgery/staging in gynecologic malignancies - an experience.** *Rama Joshi, Fortis Memorial Research Institute, Gurgaon*
2. **The use of firefly technology in robotic oncosurgery** – *Revanth Gangasani, Manipal Hospital, Bangalore*
3. **A. Comparison between laparoscopic Hysterectomy and robotic Hysterectomy for enlarged uterus** - *Rooma Sinha, Apollo Hospitals, Hyderabad*

B. What is the evidence? Rationale of managing large uterine masses – Rooma Sinha, Apollo Hospitals, Hyderabad

Hall B

General surgery

Session 9. 2:00 - 2:30 pm

Robotic Whipple Procedure

Chairperson(s): *Palanivelu C. (Coimbatore), Jagdish Kothari (Ahmedabad)*

1. **Robotic Whipple Procedure: Our Experience** – *Jayant Mulchandani, Vattikuti Fellow, Narayana Health City, Bengaluru*
2. **Total Robotic WHIPPLE: our series** - *Madhu Devarasetty, Asian Institute of Nephrology and Urology, Hyderabad*
3. **What is the evidence?** *S. S. Krishnamurthy, Kidwai Memorial Institute of Oncology, Bengaluru*

Session 10. 2:30 - 3:30 pm

General Surgery

Chairperson(s): *Jagdishwar Goud Gajagowni (Hyderabad), Ashwini Kudari (Bangalore)*

1. **Robotic Minigastric Bypass In Superobese- Single Staged Procedure Technical Tips And Feasibility** - *Vashistha Ashish, Max Superspeciality Hospital Saket, New Delhi*
2. **Tips, Tricks & Modifications for Robotic 3 Stage Oesophagectomy & Gastrectomy For Da Vinci X System** – *Abhinav Deshpande, Vattikuti Fellow, Manipal Hospitals, Bangalore*
3. **Robotic hernia repair** – *Nikhitha Shetty, Narayana Health, Bangalore*
4. **Early experience of 102 cases in Robotic Thoracic surgery** – *KR Balasubramoniam, Amrita Institute of Medical Sciences, Kochi, India*

Break 3:30 – 3:45 pm

Transoral Surgery

Session 11. 3:45 – 4:15 pm

Transoral Surgery Journal Club

Presenter- *Naveen Hednechandrashekar, Narayana Health Hospital, Bengaluru*

Discussant- *Kaustubh Patel, HCG Multi Specialty Hospital, Ahmedabad*

Moderator- *Surender Dabas, Fortis Memorial Research Institute, Gurugram*

Session 12. 4:15 - 5:15 pm

TORS

Chairperson(s): *Surender Dabas (Gurugram), Suresh Sharma (New Delhi)*

1. **Transoral robotic surgery (TORS) for HPV negative Stage IV Oropharyngeal cancer: A prospective trial.** - *Karan Gupta, (Former Vattikuti Fellow), Fortis Memorial Research Institute, Gurgaon*
2. **What is the evidence?** – *Ashok Kumar Gupta, PGIMER, Chandigarh*
3. **Initiating Robotic Thyroidectomy in India** – *Thankappan Krishnakumar, Amrita Institute of Medical Sciences, Kochi, Kerala*
4. **Role Of Robot Assisted Neck Dissection In Clinically Node Negative Early Stage Squamous Cell Carcinoma Of Oral Cavity - Our Preliminary Experience** - *Vishal Rao, HCG Cancer Center, Bengaluru*
5. **Facelift And Retroauricular Approach For Posterior Segmental Mandibulectomy Combined With Robot Assisted Neck Dissection In Management Of Gingivobuccal Cancers** - *Vishal Rao, HCG Cancer Center, Bengaluru*

(DAY 2) 6th May 2018

Urology

Session 1. 9:00 - 9:30 am

Chairperson: *Raghav Talwar (India)*

1. **What is the evidence? Robotic Donor Nephrectomy – Technique and Tips** – *Vinay Mahendra, Apollo Gleneagles Hospital, Kolkata*
2. **Robot assisted laparoscopic adrenalectomy for a large adherent adrenal mass: experiencing comfort in the lap of a Robot!** – *Saurabh Patil, Vattikuti Fellow, Max Institute of Cancer Care, Saket, New Delhi*

Session 2. 9:30 - 11:15 am

Robotic Assisted Radical Prostatectomy

Chairperson(s): *Jagdish Kulkarni (Mumbai), NP Gupta (New Delhi)*

1. **My Experience of RALRP after doing 100 LRP** - *Patel Kamlesh, Zydus Hospital, Ahmedabad*
2. **Mid-procedure specimen retrieval for palpation and biopsies during Robot assisted Radical Prostatectomy (RARP) to improve oncological outcome** - *Ashwin Mallya, Vattikuti Fellow, Fortis Escorts Kidney and Urology Institute, New Delhi*

3. **Interplay of various factors impacts return of continence after Robot Assisted Radical Prostatectomy: Analysis of a prospectively maintained database** – *Ashwin Mallya, Vattikuti Fellow, Fortis Escorts Kidney and Urology Institute, New Delhi*
4. **What is the evidence?** *Manikandan Ramanitharan, Jawaharlal Nehru Institute of Post Graduate Medical Education & Research Hospital, Puducherry*

Session 3. 11:15 - 11:45 pm

Colorectal Journal club

Presenter- *Ajay Chankya, Apollo Hospital, Chennai*

Discussant- *Ganesan A., Kovai Medical College & Hospital, Coimbatore*

Moderator- *Avinash Saklani, Tate Memorial Hospital, Mumbai*

Session 4. 11:45 – 12:15 pm

Colorectal

Chairperson(s): *Avanish Saklani (Mumbai), Arun Prasad (New Delhi)*

1. **Robotic vs. laparoscopic sphincter preserving TME: A propensity case matched analysis** – *Avanish Saklani, Vattikuti Fellow, Tata Memorial Hospital, Mumbai*
2. **Impact of LEARNING CURVE on Sphincter preserving Robotic Rectal cancer SURGERY and Sexual & Bladder functions in consecutive 110 cases in QUATERNARY CARE CANCER CENTRE, INDIA** - *Somashekhar SP, Manipal Cancer Center, Manipal Hospital, Bangalore*
3. **Laparoscopic versus Robotic Intersphincteric Resection for Low rectal cancer: Comparative study of Early Oncological and Functional Outcome.** – *Verma Kamlesh, Tata Memorial Centre, Mumbai*
4. **What is the evidence?** - *Saklani Avanish, Vattikuti Fellow, Tata Memorial Hospital, Mumbai*

Session 5. 12:15 - 12:30 pm

Bariatric Surgery

Chairperson: *Mohit Bhandari (India)*

1. **Range of robotic bariatric surgery** - *Arun Prasad, Manipal Hospitals, Dwarka, New Delhi*

12:30 PM Feedback/Closing
