

Scientific Program
VIII Robotic Surgeons Council of India Meeting
Sponsored by the Vattikuti Foundation

Taj Exotica-Goa
November 18-19, 2017

NOVEMBER 18, 2017 (Day 1)

8 A.M- 9:00 am- Breakfast, Registration

Session 1. 9:00-9.30 am

Welcome - Mahendra Bhandari

*Director of Robotic Surgery Education and Research, Vattikuti Urology Institute Henry Ford Hospital, Detroit;
CEO Vattikuti Foundation*

Opening Remarks - Raj Vattikuti

Founder & President, Vattikuti Foundation, Detroit MI

Remarks- Dave Rosa

Chief Commercial Officer, Intuitive Surgical Company, Sunnyvale, California

Session 2. 9.30-11.00 am

Late Shri K.S. (Krishnaswamy Subramaniam) Memorial Video Award Session

Judges: Dr. J. Scott Magnuson (Orlando, Florida), Dr. Khurshid Ghani (Ann Arbor, Michigan), Jagdish Kulkarni (Mumbai)

1. Robotic Kidney Transplant with grafts having multiple renal arteries – Technical nuances. *Feroz Amir Zafar, Rajesh Ahlawat - Fortis Escorts Kidney and Urology Institute, New Delhi*

2. Technical caveats in robot assisted video endoscopic inguinal lymph node dissection- evolution of a modified technique. *Ashwin Tamhankar, S,Ojha SP, Ahluwalia P, Gautam G - Max Institute of Cancer Care, Max Hospital, Saket, New Delhi*

3. Bilateral Simultaneous Tubularized Flap Pyelo-Vesicotomy for Bilateral Giant Hydronephrosis Secondary to Pelviureteric Junction Obstruction. *Santosh Kumar - PGIMER, Chandigarh, India*

4. Use of Mesh in Robotic Assisted Apical Defect Repair in Pelvic organ Prolapse. *Shweta Dilip Shetye – Kokilaben Dhirubhai Ambani Hospital, Mumbai*

5. Hysterectomy for grade 4 Endometriosis- The Robot Advantage. *Rooma Sinha - Apollo Hospitals, Hyderabad*

6. Atypical Locations of Sentinel Lymph Nodes in Endometrial Cancer- Video Presentation. *Reshu Agarwal, Amrita Institute of Medical Sciences, Kochi*

7. Bleeding during robotic surgery. *Arun Prasad – Indraprastha Apollo Hospital, New Delhi, India*

8. Pylorus Preserving Robotic Pancreatico-duodenectomy. *Shrikhande SV, Bhandare MS, Chaudhari V - Tata Memorial Hospital, Mumbai,*

Break 11:00-11:15 am

Session 3. 11.15-11:45 am

Guest Lecture 1 - Current Status of Robotic Head & Neck Surgery

J. Scott Magnuson, Medical Director, Head and Neck Surgery, Celebration Health System, Orlando U.S

Chairpersons:

Surender Dabas, Fortis Memorial Research Institute, Gurgaon

Mandar Deshpande, Kokilaben Dhirubhai Ambani Hospital, Mumbai

Session 4. 11:45 am-12.10

Guest Lecture 2- Measuring and improving the technical performance of robotic surgery.

Khurshid Ghani - Associate Professor, Department of Urology University of Michigan, Ann Arbor, U.S.

Chairpersons:

Percy J. Chibber, Jaslok Hospital, Mumbai

Rajesh Taneja, Indraprastha Apollo Hospital, Delhi

Session 5. 12:10-1:10 pm

Best Practices

Chairpersons:

Anup P. Ramani, Saifee Hospital, Mumbai

Venkatesh Munikrishnan, Apollo Hospital, Chennai

1. Gynecology- Evaluation Of SLN Mapping Algorithm Using ICG Dye And Robotic Platform. *Reshu Agarwal, Amrita Institute of Medical Sciences, Kochi*

2. Urology- ASURE (Anterior Support Reconstructing) RARP: The Promise Of Early Return Of Continence. *Rajesh Ahlawat, Fortis Escorts Kidney and Urology Institute, New Delhi*

3. General Surgery- Minimizing Complications Of Robotic Bariatric Surgery. *Arun Prasad- Senior Consultant. Indraprastha Apollo Hospital, Delhi*

4. Head And Neck- Robot Assisted Thyroidectomy Using A Gas Less, Trans-Axillary Approach For The Management Of Thyroid Lesions: Indian Experience *Deepa Shivnani, Manipal Hospital, Bangalore*

Group photo and Lunch 1:10 -2:00 pm

Hall A

Urology

Session 6. 2:00- 2:45 pm

Critical Technical Steps To Perform A Robotic Partial Nephrectomy

Lead Presenter: *Mahesh Desai, MPUH, Nadiad*

Panel:

Deepak Dubey, Manipal Hospital, Bengaluru

Session 7. 2.45-3:25 pm

Urology Podium 1

Chairperson:

Amrith Rao, Manipal Institute, Bengaluru

1. Hybrid Technique For Robotic Assisted Pyeloplasty Along With Removal Of The Renal Stones. *Vipin Tyagi, Sir Ganga Ram Hospital, New Delhi*

2. The Fifth Robotic Arm. *Vikram Sharma, FMRI, Gurugram*

3. Management of Intraoperative Complications: the Robotic Way. *Anant Kumar, Max Super Speciality Hospital, Saket, New Delhi*

4. Three different techniques of ureteric reimplantation in different situation with outcome analysis in fifty refluxing/obstructed and ectopic ureters. *Sujit Chowdhary, Indraprastha Apollo Hospital, New Delhi*

Session 8- 3:25- 3:55 pm

Urology Podium 2

Chairpersons:

Ananthkrishnan Sivaraman, Apollo Hospital, Chennai

Amit Ghosh, Apollo Gleneagles Hospital, Kolkata

1. Robot Assisted Partial Nephrectomy: Complications and Lessons Learnt. *Amrith Rao, Manipal Hospital, Bengaluru*

2. How Risky Is High-Risk Prostate Cancer? Lessons Learnt From 575 Robotic Radical Prostatectomies. *Sanjay Addla, Apollo Cancer Institute, Jubilee Hills, Hyderabad*

3. Tackling The Large Median Lobes During Robot Assisted Radical Prostatectomy: Keeping It Simple! *Ashwin Tamhankar, Max Institute of Cancer Care, New Delhi*

Break 3:55- 4:10 pm

Session 9- 4:10-5 pm

Critical technical steps to perform a robotic radical prostatectomy

Lead Presenter: *Rajesh Ahlawat, Fortis Escort Hospital, New Delhi*

Panel:

N.P. Gupta, Medanta the Medicity, Gurgaon

Ananthkrishnan Sivaraman, Apollo Hospital, Chennai

Session 10- 5-5:45 PM

Critical technical steps to perform a robotic radical cystectomy

Lead Presenter: *T.B. Yuvaraja, Kokilaben Dhirubhai Ambani Hospital, Mumbai*

Panel:

Anant Kumar, Max Super-specialty hospital, New Delhi

Hemang Bakshi, HCG Multi Specialty Hospital, Ahmedabad

Hall B

Gynecology

Session 11. Gynecology 2:00-3:00 pm

Critical steps to perform surgical staging of endometrial cancer- Robotic approach

Lead Presenter: *Anupama Rajanbabu, Amrita Institute of Medical Sciences, Kochi*

Panel:

T.S. Shylasree, Tata Memorial Hospital, Mumbai

S.P. Somashekhar, Manipal Comprehensive Cancer Center, Bengaluru

1. A Prospective Randomized Study Comparing Robotic-Assisted Hysterectomy and Regional Lymphadenectomy with open surgery for Staging of Endometrial Carcinoma a single institution experience. *Rohit Kumar, Manipal Comprehensive Cancer Center, Bengaluru*

Session 12. Gynecology 3:00-3.45 pm

Critical steps to perform a robotic myomectomy

Lead Presenter: *Rooma Sinha, Apollo Hospital, Hyderabad*

Panel:

Anshumala Shukla, Kokilaben Dhirubhai Ambani Hospital, Mumbai

Lavanya Kiran, Narayana Health Hospital, Bengaluru

Session 13- Gynecology 3.45- 4.30 PM

Critical steps to perform a Robotic Hysterectomy for Benign indication

Lead Presenter: *Rama Joshi, FMRI, Gurgaon*

Panel:

Vanita Jain, PGIMER, Chandigarh

R. Suchitra, Narayana Health Hospital, Bengaluru

NOVEMBER 19, 2017 (Day 2)

Hall A

Session 1. 9:00-10:45 AM

Focus Group on Transoral Surgery

Moderators:

Surender Dabas, Fortis Memorial Research Institute, Gurgaon

Mastery of Dissection

Keynote speaker: *J Scott Magnuson, Medical Director, Head and Neck Surgery, Celebration Health, Florida*

Podium

Chairpersons:

Ashok Kumar Gupta, PGIMER, Chandigarh

Kalpna Nagpal, Indraprastha Apollo Hospital, New Delhi

1. Patient Satisfaction scores following Robot Assisted Thyroidectomy. *Ashok Kumar Gupta, PGIMER, Chandigarh*

2. Transoral Robotic Surgery: A 6 years single institution experience of 100 procedures. *Smriti Panda, All India Institute Of Medical Science, New Delhi*

3. Trans Oral Robotic Surgery for Postero Lateral Oropharyngeal Squamous Cell Carcinoma. *Kaustubh Patel, HCG Cancer Center, Ahmedabad*

4. Trans Oral Robotic Surgery Radical Uvulectomy for Squamous Cell Carcinoma of Uvula. *Dushyant Mandlik, HCG Cancer Center, Ahmedabad*

5. Trans-oral robotic surgery versus nonsurgical organ preservation in early and advanced stage oropharyngeal cancer. *Shamit Chopra, Patel Hospital, Jalandhar*

Break 10.45-11:00

Session 2 Urology 11:00-12:00 am

Steps of Robotic Donor Nephrectomy.

Chairpersons:

Shailesh Raina, Jaslok Hospital, Mumbai

Anshuman Agarwal, Indraprastha Hospital, New Delhi

1. Robotic Assisted Donor Nephrectomy – Technique. *Vinay Mahendra, Apollo Gleneagles Hospitals, Kolkata*

2. Robotic donor nephrectomy: our experience. *SC Dash, Army Hospital R&R Delhi*

3. Robotic assisted surgeries for large kidney masses-technically difficult or easy? *Gopichand Mutyalapaty, Krishna Institute of Medical Sciences, Hyderabad*

4. Robot assisted Partial nephrectomy with intrasinus renal vein repair for hilar tumor. *Anandan Murugesan, Kovai Medical Center and Hospital, Coimbatore*

Hall B

General Surgery

Session 3. 9.00-09:55 am

Robotic Hernia Surgery: adoption of an Emerging Standard

Keynote address: *Brian Harkins, Chairman, Robotics sub-committee, Department of Surgery, Tomball Regional Hospital, Texas, U.S.*

Chairpersons:

Ashwinikumar Kudari, Narayana Health Hospital, Bengaluru

Hakim Barot, Saifee Hospital, Mumbai

Robotic Hernia Surgery. *Arun Prasad, Apollo Hospital, New Delhi*

1. Robotic Assisted Ventral Hernia Repair. *Hakim Barot, Saifee Hospital, Mumbai*

2. Robotic inguinal hernia repair. *Ashwinikumar Kudari, Narayana Health Hospital, Bengaluru*

Session 4. 09:55- 10:30 am

Pancreatic Surgery

Chairpersons:

Madhu Devarasetty, Krishna Institute of Medical Sciences, Secunderabad

Neeraj Dhamija, Sir Ganga Ram Hospital, New Delhi

1. Pancreatico-Jejunostomy In Robotic Assisted Pancreaticoduodenectomy. A Totally Intracorporeal Minimally Invasive Approach. *Neeraj Dhamija, Sir Ganga Ram Hospital, New Delhi*

2. Total Robotic Whipple's versus total laparoscopic Whipple's. *Madhu Devarasetty, Krishna Institute of Medical Sciences, Secunderabad*

Break 10:30-10:45 am

Session 5. 10:45- 11:30 am

Esophagectomy

Chairpersons:

Palanivelu C., Gems Hospital, Coimbatore

Ramakant Deshpande, Asian Institute Of Oncology, Mumbai

A prospective analysis and Audit 92 cases of Total robotic assisted transthoracic and transabdominal three stage esophagectomy - a single institute experience in India: Tips and Tricks and Message

Lead Presenter: *S.P. Somashekhar, Manipal Comprehensive Cancer Center, Bengaluru*

Panel:

Jagdish Kothari, HCG Multi Specialty Hospital, Ahmedabad

Jagdishwar Gajagowni Goud, Yashoda Institute of Robotic Sciences, Secunderabad, India

Podium:

1. Current status and advantage of da Vinci Robot in Upper GI tumors. *Jagdishwar Gajagowni Goud, Yashoda Institute of Robotic Sciences, Secunderabad, India*

2. Fully Robotic McKeown's Esophagectomy. *Surender Dabas, Fortis Memorial Research Institute, Gurgaon*

3. Robotic Esophagectomy: Retrospective analysis of the minimally invasive surgery at our center; the Three Year Experience. *Ashwani Sharma, Fortis Memorial Research Institute, Gurgaon*

Session 6. 11:30-12:15 am

Abdominoperineal resection and colonic surgery

Chairpersons:

Avanish Saklani, Tata Memorial Hospital, Mumbai

Parveen Bhatia, Sir Ganga Ram Hospital, New Delhi

1. Current evidences & our experience of Robotic ColoRectal Cancer Surgery. *Jagdish Kothari, HCG Multi Specialty Hospital, Ahmedabad*

2. NOSE (Natural Orifice Specimen Extraction) for carcinoma Rectum. *Jaganath Dixit, HCG Hospital, Bengaluru*

3. The Apollo Robotic Colorectal Surgery Programme - Experience & Outcomes. *Venkatesh Munikrishnan, Apollo Hospital, Chennai*
